Summary: Please provide a concise summary with a maximum of 500 words outlining the project and explaining the community needs your project will address and how these needs were identified. Ensure that you include what your project aims to achieve (objective) and how (method/procedure). What will be the main outcomes? Explain in a few sentences how you will incorporate the objective of sustainability into your project.	Problem description In the community there are families with non-formal jobs, overcrowding, family violence, which generates bullying, aggressiveness and discrimination at school; It is vital to involve students as part of the solution through the work of the pillars of positive peace and technological appropriation. Project objectives and goal Contribute to the transformation of social problems, Strengthen the empowerment of peacemakers Encourage the development of life skills and the appropriation of techno-pedagogical tools Project description Integrate ICT and the Pillars of Positive Peace to promote forms of non-violent relationships in school environments Sustainability By generating technological knowledge, arts and sport skills focused on peacebuilding and conflict resolution, young people will acquire replicable skills and will be able to lead change. In addition, Peacers Go will integrate the development of a multimedia platform where the aim is to promote financing via crowdfunding of various projects created by students within the framework of the program.

Beneficiaries: Who are the beneficiaries? Please include the estimated number of direct beneficiaries	180 students, 20 guardians, 10 teachers
Project Period	June 2022 to June 2023

Project Timeline:

Activities	Jun	Jul	Ago	Sept	Oct	Nov	Dic	Jan	Feb	Mar	Apr	May	Jun
Initial evaluation of attitudes, skills and perceptions of the participants in sports, art and technology													
Design a playful-digital program to implement positive peace based on the results of the evaluation in sports, art and technology.
